**Make Someone Happy.**

For God's sake make someone happy for ten minutes if for no longer a time.

A young woman bound on such a mission, what might she not accomplish? There are thousands of these manufacturers of sunshine! They are Kings' Daughters whether inside or outside of that delightful organization. They do more good before they are twenty years of age than selfish women who live ninety, and they are so happy just because they make others happy. Compare such a young woman who feels such a mission with one who lives a round of vanities, card-case in hand, calling on people for whom she does not care, except for some social advantage and insufferably bored when the call is returned, and trying to look young after she is old, and living a life of insincerity and hollowness and dramatization and show. (Ed. Shinnick in Shelby Record.)

**Art in The Kitchen.**

After much meditation and experience, I have divined that it takes as much sense and refinement and talent to cook a dinner, wash and wipe a dish, make a bed and dust a room as it does to write a novel or shine in high society.—Rose Terry Cooke.

**John Quincy Adams.**

When John Quincy Adams was 80 years old he met a friend on the streets of Boston who said, "Good morning—and how is John Quincy Adams today?"

"Thank you," was the reply, "John Quincy Adams is well, sir—quite well, I thank you; but the house in which he lives at the present is becoming dilapidated, is tottering upon its foundations; time and seasons have nearly destroyed it; its roof is pretty well worn out, its walls are shattered, it trembles with every wind, the old furniture is becoming almost uninhabitable, and I think John Quincy Adams will have to move out soon, but he himself is quite well sir—quite well."

Not long afterwards Mr. Adams, who was a member of Congress at the time, was stricken with a mortal illness while making a speech in the House of Representatives. The house (his body) had worn out and he had moved out.

**Good Way to Use Hyomei for Catarrh**

Besides breathing through the inhaler a few times a day, many catarrh sufferers write that they find inhaling Hyomei (pronounced High-o-mei) from a bowl of steaming water each night before retiring a great aid in curing catarrhs.

Fill a bowl half full of boiling water, pour into the water a teaspoonful of Hyomei, cover head and bowl with a towel and breathe through nose and mouth the pleasant, medicated, antiseptic and healing vapor that arises.

This method relieves that stiffness at once, and makes your head feel fine.

You can get a bottle of Hyomei at drugstores everywhere or at R. L. Middleton for only 50 cents. Ask for extra bottle Hyomei Inhaler.  
But bear in mind that affluence enters which includes inhaler and bottle of Hyomei costs \$1.00.  
Hyomei is guaranteed to cure catarrhs, sore throat, croup, colds, whooping cough, or money back. Try it on that generous basis.

**Trees From Every County in Kentucky to Be Planted in Capitol Grounds.**

If plans of the capital commissioners mature Arbor Day will be celebrated in Frankfort next year in a more elaborate manner even than the dedication of the capitol. The capitol grounds are almost entirely devoid of trees, and William H. Farley, of Paducah, suggested that each county send one or more representatives to plant a tree.

Among an astonishing proportion of dealers, both wholesale and retail, the familiar units of measure have become merely figures of speech. Under a lax administration of the law, pounds, pints, and yards have grown more and more elastic, limited only by the conscience of the tradesman and the credulity of the customer. So general has this deception become, so much a matter of course, that today many leading merchants and commercial exchanges actually defend short-weighting and short measuring as an established "trade custom," and argue, in all seriousness, that to return to the old standards would disorganize trade. It has been found that more than two-thirds of all the scales used in New York are 3 per cent "fast," or worse.

The minimum deception of 3 per cent is alone equivalent to the interest paid by savings banks on first-class bonds. A legal rate of interest, the common reward of industry, is therefore counted against the purchaser before he enters the store. The annual loss to the consumer aggregates tens of millions of dollars.—From "Exposures of Trickery in Scales and Measures," by Francis Arnold Collins, in the American Review of Reviews for September.

PERSONALS

GOOD THINGS  
"The Glad news goes the longest way. This article makes the week here. Mrs. Mary Taylor is visiting in Middleboro. Mrs. A. C. Scanlan was in Lexington last week. Mr. Edgar Chilton has been sojourning at Frank Leck. Mrs. Norma Elmore, of Lancaster, is with relatives here. Mr. Rhodes Yeager, of Georgetown, was visiting here. Mrs. J. H. Williams has been visiting in Lexington. Mr. and Mrs. W. D. White returned from Lexington. Mr. and Mrs. Emil Leitch were in Lexington last week. Mrs. Thomas Hamilton was in Lexington last week. Mrs. B. Hume left yesterday for Cincinnati to spend a week. Miss Beale Miller returned Monday from a visit to Lexington. Miss Tillie Tribble and Julia Higgins spent Saturday in Lexington. Miss Mary Rankin, of Lancaster, is at the Cambridge Hotel. The people who know and who know the whole of this is not so, for there is one whole matter that Mr. Chilton played a very natural and perfectly part on the Lexington setting. This very chance and most intimate political friend in the State is Judge Allen Young and very naturally he would not do anything against him, even if Young was for McCrory for Governor. But Young would have been elected Chilton if Mr. Whalen's influence had been so great. Whalen did not go to McCrory at all. He did not exactly the same when a nomination is to be made for Governor. He will stand loyal to his pledges, but if he sees he cannot win he will throw his strength to the candidate he sees going to win and he will be seen before anyone else does.

# Fate of the Pool to be Determined in Next Ten Days

President Leitch Makes Plain that Growers Must Show Intentions Before District Board Meets.

BALLOTS WILL BE PREPARED AT ONCE. Leader Has Not Lost Hope

But Thinks Time Given Has Been Sufficient

(SPECIAL TO THE CLIMAX.)  
Millsburg, Ky., Sept. 17.—In a speech here today, President Leitch of the Kentucky Tobacco Growers' Association, made it very plain that the fate of the 1910 pool, and with it the fate of the growers' movement, would be decided during the next ten days. "I want to say here and now," he declared, "that the day of delay is over. I have not lost faith. We have carried this fight through darker periods than this, but the time has come when the grower must say either that he will go forward or 'lay down.' If he has decided to 'lay down,' the quicker this is made known the better. Today there is a substantial awakening. Tomorrow—let me say that my vote will be cast in favor of submitting the question of the 1910 pool just as quickly as the ballot can be gotten to the people."

"When the Executive Board meets next week I am going to recommend that the ballot be printed immediately. Every grower in the Kentucky District is thoroughly familiar with the issue and will have ample opportunity to make up his mind before the 27th. I know that you can win and you know that you can win."

"If you have made up your mind not to take advantage of the opportunity, then we will not be able to do so. The grower must make up his mind before the 27th. I know that you can win and you know that you can win."

"If the grower has made up his mind to take advantage of the opportunity, then we will not be able to do so. The grower must make up his mind before the 27th. I know that you can win and you know that you can win."

Season Closes.

The base ball season is over. Richmond was to have played a double header in Frankfort on Monday and then to Winchester on Tuesday for another double header, but the weather prevented playing out of the question and in both places and the season came to a close. The Richmond team has had a successful season, finishing in fourth position, a half game behind Winchester. It is a good team and will no doubt be a team from all along the line of the big league. "Hal" Dawson, the versatile player, who was the first of the season to be named as a star, has been a big factor in the team's success. He is a good player and a good pitcher. He is a good player and a good pitcher. He is a good player and a good pitcher.

# Close Call

Maith Cohen, the noted horseman, together with several associates, had a close call from South Monday afternoon in Lexington, while seated in the office of the Tattersall's Sale Barn. A bolt striking the chimney, tearing a portion of it away and knocking the occupants in every direction. So severely injured were they that for several minutes they were unable to right their confused senses. A subsequent message received at the home of Mr. John Wagoner Tuesday morning conveyed the news that Cohen was able to be about.

About Gone.

This will be the last week for watermelons in Madison county according to the growers, who make Richmond their headquarters with the to-be-announced. The wet weather in the spring retarded the growth and later in the season, when they took a brace, the destructive little "stripped bug" came along and in many places almost wiped out the patches, by feeding on the vines. There was only a half crop this season, if that much, according to the growers in the College Hill and West sections, where the bulk of the melons are raised in Madison.

A Handsome Brass Bed for Twenty-five Cents.

Beginning with Friday there will be on display in Douglas, Simmons & Daugherty's window, an elegant brass bed, which one can own for only \$25.00. This bed has been donated to the ladies of the P. A. C. Infirmary by the ladies of the Lexington, to be used in the big sample sale on Oct. 2nd & 3rd. The ladies have decided to open up a generous count of the particulars of which will be announced in the next few days. This is an unusual opportunity to win such a bed for such a small sum.

**Kodak God of Mischance.**

Photographs, the snapshot variety, are a matter which most people believe to be managed by a malicious god—and really there is no other way of explaining the caricatures most snapshots are. If there isn't, a fatality that makes the kodak invariably catch people at their worst, why is it that the bride entering the carriage after the ceremony is sure to be snatched with one foot so prominent that it dwarfs all the rest of her person? What makes the peripatetic photographer always get the millionaire coming home from church on Sunday at a moment when the sun is making him screw up his face? What chance is it that without fail groups a duke and his American fiancée so that the latter appears about a foot the taller? Why, indeed, unless there is a god of mischief and he is concentrating on the kodak?—New York Tribune.

**The Aeroplane Camera.**  
Several types of cameras are now being made especially for the purpose of taking snapshots from, and of, aerial craft. A machine illustrated in the October Popular Mechanics, for use in the air, is mounted on the frame of an aeroplane in such a position that the second man in the machine may focus it on the country underneath. When used on the ground, it rests upon a tripod and is aimed at the object in the air in very much the same way as a rapid fire gun.

**How to Preserve Pineapple In the Sun.**  
Sterilize the jars and utensils. Grate the pineapple. Fill the hot jars with it and pour in enough syrup to fill the jars solidly. Place the jars in the sun for an hour, then fill the jars again with boiling syrup. Wipe and seal. Place the jars on a board and out of a draft of air. If the screw covers are used tighten them after the glass has cooled.

**Cranberries correct the liver.**  
Asparagus stimulates the kidneys.  
Celery is a nerve tonic; so are onions.  
Honey is a good substitute for cod liver oil.  
Watercress is an excellent blood purifier.  
Parsnips possess the same virtues as asparagus.  
Bananas are beneficial to sufferers from chest complaints.  
Beetroot is fattening and good for people who want to put on flesh.  
Tomatoes are good for a torpid liver, but should be avoided by gouty people.  
Lettuce has a soothing effect on the nerves and excellent for sufferers from insomnia.

**Cows Chewed Dynamite.**  
A special from Glasgow, Ky., says: "Yn. Bridges, a farmer, lost two valuable cows in a peculiar manner. Mr. Bridges had been working the road and brought two sticks of dynamite home in his wagon. He drove under a shed in the barn and left his wagon for the night. When he went out to milk the next morning he found both cows lying dead and a piece of chewed dynamite told the story."

**Procrastination in expressing sympathy to a bereaved family in the height of bad form. Therefore the instant a death is known the bereavement should be acknowledged. To send flowers is always desirable and may be done even in the case of a formal acquaintance, but it is an expense that is not necessary. If flowers are sent they may accompany the note of sympathy, but no reference must be made to them in the note. If the box is sent without a letter a visiting card accompanying it. When the recipient is a formal acquaintance a note may be omitted, "Sincere sympathy" being written on the card.**

**When the person bereaved is known only slightly and flowers are omitted a visiting card may be either mailed or left at the door. In either case "Sympathy" or something similar should be written on the card. When it is left in person the individual for whom it is intended is not asked for, it being understood that those in deep mourning are not able to receive any but the immediate family. To intimate friends flowers may be sent as soon as news of death in the family is known, and more may go on the day of the funeral unless the family expresses a wish that they shall be omitted for the casket. When the latter is the case it is the height of bad form to send flowers. A note alone is sufficient.**

**Many hundreds of women assisted in gathering the harvest around Beatrice Neb. They were lured to the field by the offer of board and three dollars per day. A farmer went into Beatrice looking for farm hands. Loungers in the town refused to work, and the farmer had to face the possibility of losing part of his crop. He went into a restaurant, and when waiting to be served, was struck with idea of bidding for the waitress for harvesters. He offered them \$3 a day and every waitress threw aside her apron and went to the farm. They did an efficient work that other farmers sought women and they drew school teachers, stenographers and college girls as well.**

**How to Blacken A Hot Stove.**

**Take any kind of blacking powder and any kind of oil and mix as thick as cream (lard will do). Apply with a cloth, and the oil burns off and leaves the blacking in the iron, which lasts longer than when blacked in the usual way. Do not blacken the sides of the stove with this mixture, as it will not burn off. It is for the top only.**

**Tan shoes will not turn dark, but will retain their color and may be kept clean, by washing with cold water and rubbing with a clean cloth. No polish should be used.**

**How to Launder Irish Lace.**  
Irish crochet lace may be laundered easily at home. Wash with soap and water, rise thoroughly, then dip in thin, cold starch, putting a drop of bluing in the starch, as the lace is apt to turn yellow if none is used. Have several thicknesses of blanket covered by an ironing sheet on the table. Lay the lace right side down on it, cover with a cloth and iron until dry, pressing down hard. Then take your crochet hook and carefully pull out each little pic, raise all the peaks of the flowers, then press all the balls into shape with your fingers. Even a large piece like a coat or waist can be done at home just as well as the cleaner's by following these directions.

**Richmond Horse Winner at Knoxville Exposition.**  
Mr. Robert Walker, of this city, won a \$250 trotting race at the Knoxville Exposition with his celebrated horse, Ashland, making him straight race this splendid horse has won. The following account of the race was taken from a Knoxville paper: "Six horses faced the starter in the second race of \$250 trot, for which a purse of \$400 had been hung up. Lord Arden, a bay horse owned and driven by Robert Walker, was easily the best of the bunch, and on account of getting away badly in the first heat, finished second to Grace Ouel, the property of A. H. Hens, who won in 2:25 1/2, but after trial, there was nothing to it but Lord Arden, for he won three heats in succession, with considerable ease in each instance. While in Knoxville Mr. Walker sold his three race horses, Lady Vin, Black Boy and Lord Arden, realizing splendid prices for these animals, and at the same time received \$1500 for Lord Arden."

**Big Store.**  
One of the big additions to the hustling little city of Ashland is the Hythe Dry Goods Company's new store. The manager, Mr. William Hythe is a Rich man boy, who has made good in the business world. The commercial club of Ashland induced Mr. Hythe to bring his business to that point, which presented excellent opportunities for just such a store. The Ashland Independent of last week contains a big ad of his opening. He is a son of E. H. Hythe, this city and received his education in the dry goods business with R. W. Turner.

**We Would Ask For And Be Pleased To Receive Your Patronage.**  
We have taken active charge of the management of the Richmond Steam Laundry, and are much pleased at our increasing business. Every customer helps us, and we would like to have every one of us. We have no advertising schemes, but will do good work. We have a Dry Cleaning department in connection with the laundry where special attention is given to work for the ladies. Call for rates. 127 Irvine street, or ring 22. Work called for and delivered free. Respectfully yours, James W. and Lucy Lackey Moore.

**Millinery Opening.**  
At the new millinery store in the Helms building, Main Street, Richmond, Ky., Sept. 22 and 24.  
Ladies we have for your inspection a beautiful line of fall and winter hats, ranging in price from \$5.00 down to \$25.00. We have bought our patterns from New York, Cincinnati, Louisville and Indianapolis, thus getting a variety of styles from different markets. We also have a number of French patterns, exquisite in design and style. Our important hats are very reasonable and will delight our customers who enjoy beautiful creations in millinery. It is our most earnest wish to please our patrons and we are sure in our large assortment of hats we can please the most cultivated taste.  
We make a special study of the lines of the face and the artistic style of each customer to insure a becoming hat, preferring to lose a sale to a friend and not a friend to a sale. Come buy your hat from us and we will please you with every order, and we make no assertions we are not behind with the times. We are here to please you and sell you hats. We are going to please you and sell you hats.  
Miss Bettie Abell, as formerly will give you the most courteous welcome to our store. And Miss Helen Jackson, our designer and trimmer, will carry out any special feature desired by a customer in her order. We are here to stay permanently and to do that, we must please you. To show our ability to do so we invite customers, in style, material and especially in price. It is natural to love money. A lady will cut its teeth on a dollar in preference to a penny. Come buy your hat from us and we will please you with every order, and we make no assertions we are not behind with the times. We are here to please you and sell you hats. We are going to please you and sell you hats.  
We appreciate every one who has a right to buy where they wish. Get out of the old habit of buying your hats all at one place and your hats look better. Buy the new hats, the new millinery store and the new money. We will please you with every order, and we make no assertions we are not behind with the times. We are here to please you and sell you hats. We are going to please you and sell you hats.  
Respectfully Yours, Laura Jones.
